## CUSTOMER SPOTLIGHT

Aiki Homes, Inc. has been a leader in Sustainable Design & Construction in Whatcom County for over 16 years. We are a green building company with a 100% commitment to build our homes Built Green™ and ENERGY STAR® Certified, with many of our custom homes being LEED (Leadership in Energy & Environmental Design) Certified by the United States Green Building Council.

Every house we build is designed to be energy efficient, conserve natural resources, and improve air and water quality. If one of our beautiful homes does not meet your needs, we can help you create a beautiful, comfortable, environmentally friendly home your family will treasure for years to come. If you are becoming more conscious of energy costs and you want to do a "green" remodel, we offer consulting and have a full service remodel division.

We are more confident in our day-to-day operations knowing that we have the support and knowledge of Business Bank behind us. The staff has always been extremely helpful, not just to us, but to our clients that we have referred. No matter how complex the situation may be, when other lenders haven't been able to take on a project, Business Bank handles it realistically with professionalism.

Rob Staveland & Lance Illman

## BUSINESS NEWS

A Ribbon Cutting Ceremony and Open House celebrating our newest location in Mount Vernon took place on January 23, 2009. **Mayor Bud Norris** joined **Don Gordon, CEO**, and **Don Zimmerman, President**, in cutting the ribbon and welcoming visitors to our new facility.

Guests participated in one of two raffles for either a 37" LCD HD TV, or a 9 month CD at 5%.

The Mount Vernon team, Darcy Owings Martin, Kris Tully, Jennifer Steinke and Julie Speck, enjoyed visiting with everyone who stopped by and would like to thank everyone for their support in making this day a great success.

We are looking forward to a prosperous year in 2009.
